## **pioneer cover-all** "THE BOSS" HR3500 SERIES

**Covers 20, 30, 40  
and 50 yard  
containers!**

### **PIONEER-HR3500RG (Rollmaster w/Adjustable Gantry)**

#### Features

- adjustable gantry that moves vertically to adjust from 60-90"
- patented adjustable telescoping Low Arms with nitrided cylinders
- Rollmaster roller assembly
- standard tarp

**Recommended for hooklift and cable hoist roll-off trucks and trailers transporting various height containers.**

### **PIONEER-HR3500R (Rollmaster w/Stationary Gantry)**

#### Features (Roller On Arm)

- patented adjustable length Low-Arms with nitrided external cylinders
- fixed legs and roll rest when space behind cab is limited
- Rollmaster roller assembly
- standard tarp

**Recommended for hooklift and cable hoist roll-off trucks and trailers transporting various height containers and when space behind cab is limited.**

#### •Rephasing Master & Slave Cylinders

This system utilizes custom designed Master and Slave cylinders with a rephasing function to keep the pivot arms in synchronization when covering and uncovering the container.

#### •Standard Tarps

Pioneer's HR3500 series systems come with a 114' wide HEAVY DUTY MESH tarp that is reinforced at the front and rear with urethane coated nylon for wear resistance.
