

Heavy & Medium Duty Trucks & Trailers

# DIN 5151 SERIES

Precision-Engineered Fluid Power Products

The Sensible Choice for Pumps & Motors

Car Haulers  
Dump Trucks  
Crane Equipment  
Vehicles  
Roll Off Trucks  
Refuse Collection  
Snow Plows &  
Spreaders  
Walking Floor

**Holtz Industries, Inc.**

## Features

- ISO 7653 4 bolt flange mount Ø80 mm pilot
- DIN 5462 - 8 x 32 x 36 spline shaft
- Dual Ported - Standard 1-1/2" NPT rear ports and up to 1-1/2" NPT side ports
- Pressure balanced wear plates maintain high pump efficiency throughout all operating ranges
- Bi-Rotational Pump/Motor designed to fit a wide variety of applications
- Doweled and high strength cast iron construction
- High strength alloy steel gear and shaft sets
- NPT & SAE ports are available
- Cubic inch displacements from 3.86 through 7.07
- Maximum pressure up to 3000 PSI
- Speeds to 2400 RPM
- 100% factory tested
