MODEL D6225: BREAKAWAY TB TUCKAWAY® LIFTER

This popular model shares its design with the D6220, except with the added BreakAway feature, which can help prevent actuator damage. The D6225 has a compact profile, so it works well with tipper-bar equipped vehicles. Now with a more powerful 27k helical rotary actuator!

Features and Benefits

The performance you demand requires a serious machine with all the refinements that you've come to expect from the leader in the waste handling industry.

- ◆ All new, powerful 27k Helical Actuator
- ◆ Featuring TuckAway® Lifter Performance with BreakAway action
- ◆ Unique "Back-Saving" action grabs carts on various terrains and heights
- ◆ Tipper-Bar Compatible
- ◆ Minimal greasing for less maintenance
- ◆ Spring loaded lower latch is easy on cart surfaces
- ◆ UHMW upper saddle prevents scratches on carts
- ◆ ISO 9001 manufacturer
- ◆ National Service technicians for product support
- ◆ Fully staffed engineering department for custom applications

Specifications

- Fully compatible to ANSI Type B carts
- Mounting height to top of plate:
Low as 38 1/2", up to 41"
- 1,550 PSI required for 400lb load
- 6-8 second cycle time @ 3 GPM
- 45 degree dump angle
- BreakAway feature reduces collision damage, protecting the actuator
- Safety Yellow powder-coated finish
- Self-lubricated bearings at pivot points
- Easy bolt-on/off mounting plate included
- Adjustable flow control valve
- New 3 year limited warranty

Inside a Perkins actuator, the loads are carried by all the teeth, all the time

Inside rack & pinion systems, the loads are concentrated on only one tooth

NEW ADVANCED 27K ACTUATOR

- ◆ Higher torque & lower weight
- ◆ Two-part casted body is easier to open and service
- ◆ Fewer parts & fewer points that need sealing
- ◆ New grease points positioned to help flush away contaminants
